Hello Chris,

It was great to see you last week. We are very pleased with all of the Clear Currents products and are excited to hear that you will soon be in full production. We look forward to a long and mutually beneficial relationship with both you and your company. Best of luck in the New Year and please let me know when you plan on being in town again so that we can get together and catch up.

Regards,

Tony Mistretta | VP of National Marketing
